

# MEMORANDUM

12-3-70  
11-21-79

APPROVED BY: [Signature]  
Date: 11/21/79

DATE November 21, 1979  
TO Dawson Alexander, Acting Director of Planning  
FROM Betty Shivers-Byrd, Rental Management Specialist I  
SUBJECT Proposed Street Vacation of Portion of Duwamish Avenue South

Andrews Machinery, Inc. and General Welding Supply Company, Inc. have requested the City of Seattle to vacate certain portions of Duwamish Avenue South. The Port's Terminal 106-W is located on the west side of the proposed street vacation. (See the attached drawing for exact location.)

This Street Vacation, in effect, will decrease that portion of Duwamish Avenue South, as described by the attachment, <sup>Q To</sup> by sixty (60) feet.

Please review and comment on the future and existing affects this will have on the operation of Terminal 106-W. Your immediate response will be greatly appreciated.

Does the Port have anything  
Planned for this Area in  
the near future? I do  
know that the road is heavily  
travelled, but this appears to be  
over by the RR Track.  
Fisher
